

Pipettor tips, for automated workstations, BioRobotix™

Thermo
SCIENTIFIC

- Different ranges for different workstations
- Precise pipetting
- Excellent repeatability

Wide range of tip styles available; for accurate micro-volume pipetting and with extended length for reaching the bottom of deep well plates. The wide choice means having the right tip for special needs. All tips are premium quality, designed to exceed original equipment requirements and are fully compatible; the tips undergo regular testing on the systems for which they were designed.

Tecan, Cavo and Packard Multiprobe II HT workstations
